The Morro Hills Community Services District is performing slurry seal pavement work to improve and protect roadway and drainage conditions within specified areas of the District. We appreciate your patience as this work is completed.

What to Expect

- Temporary lane closures, traffic delays, or reduced road access near the work area – See Map
- On the day of slurry seal, some streets will be closed entirely to all vehicles and others will be slurry sealed in stages to allow for through access at all times
- “No Parking” signs will be posted adjacent to affected areas at least 48 hours in advance
- Construction equipment, crews, dust, and noise during posted work hours
- Possible changes to normal travel routes while work is underway
- Access for emergency vehicles will be maintained at all times

Safety Reminders

- Please slow down and follow all posted signs and flagger directions
- Use extra caution when driving, walking, cycling, or riding near the work zone
- Keep children and pets away from construction areas and equipment
- Do not enter barricaded or restricted areas
